FULL EVENT DESCRIPTION:

After sold-out editions in 2022 and 2023, the Africa Tech Summit London, the leading event series focused on African tech and investment across the continent, will host its 8th annual London edition on June 7th, providing unrivalled insight, exclusive networking, and business opportunities for tech leaders and investors in London.

Africa Tech Summit London 2024 will feature multiple sessions delivering a cross-sectional view of technology advances and opportunities from across the continent. An array of keynotes, fireside chats, panel and breakout sessions from tech leaders, corporates, entrepreneurs, and investors will be complimented with quality networking time at the [London Stock Exchange \(LSE\)](#) on June 7th.

With 300+ delegates, the Summit will explore the hot topics and latest trends while connecting industry leaders, start-ups, and investors.

Registration is now open: <https://www.africatechsummit.com/london/>
