Event Description

The 5th Africa Tech Summit Nairobi taking place live 15th – 16th February 2023 will connect tech leaders from the African ecosystem and international players under one roof.

Network with key stakeholders including tech corporates, mobile operators, fintech, DeFi & crypto ventures, investors, innovative start-ups, regulators and industry stakeholders driving business and investment forward.

The 2023 edition will host three tracks – The [Africa Money & DeFi Summit](#), [The Africa Start-up Summit](#) and [The Africa Mobile & App Summit](#) which drive interaction and a future line of sight across the track topics. The event connects over 1000+ industry leaders, 400+ companies, 150+ speakers via three tracks plus workshops, expo and multiple fantastic networking opportunities. Pre-register for tickets [here](#).
